6th International Aortic Summit

AORTIC ARCH & THORACO ABDOMINAL ANEURYSM

A comprehensive approach

Date
January 9-10, 2015

Venue
MIOT Auditorium
MIOT International, Chennai

www.metaa.in
Dear Friends,

MIOT International is proud to announce the 6th Aortic Summit on January 9 & 10, 2015. The Focus of this year meeting will be on Aortic Arch and Thoraco Abdominal Aneurysm.

Renowned experts from abroad and India will take part and discuss on newer technology and results which will change patient outcomes. The highlights include live surgeries, video presentations, guest lectures and panel discussions. Please join us and make this meeting a memorable one.

Yours sincerely,

Dr. V.V. Bashi
Chairman
Centre for Thoracic & Cardio Vascular Care
MIOT International

Dr. K. Murali
Interventional Radiologist
H.O.D - Dept. of Endovascular Interventions
MIOT International

Event Highlights

- Live Surgeries
- Video Presentations
- Panel Discussions
- Guest Lectures
### AORTIC ARCH
- Open surgery
- Arch hybrids
- Elephant trunk procedure
- Sun’s procedure
- Reoperations in aortic arch
- Complex lesions of thoracic aorta
- Complex TEVAR
- Reoperation on dissected aortic arch: An alternative treatment with transfemoral bare stents
- Type A dissections: Long-term follow-up. Should treatment be tailor-made for complex dissections?
- Management of complex Type A dissections in the endovascular era. Should vascular surgeons be involved early?

### THORACO ABDOMINAL ANEURYSM
- Surgical techniques in thoraco abdominal aortic repair
- Organ protection in thoraco abdominal aortic surgery
- Visceral hybrids
- Fenestrated stent grafts
- Surgeon modified stent grafts
- Endo-open for visceral anastomosis for debranching. Techniques for visceral debranching in hybrid repair of TAA.
